Condemn and oppose the oil palm plantation and militarization in Candoni

*Ka Bayani Obrero, NDF-Negros Spokesperson
October 2, 2024*

Masses of farmers, farm workers and indigenous people clamor against the ongoing construction of the massive 6,652 hectare-wide Consunji-owned oil palm plantation in the town of Candoni in Southwest Negros Occidental has affected a thousand villagers in barangays Payawan, Agboy, and Gatuslao. Local livelihoods are being set aside to make way for the neoliberal project, which Mayor Ruiz of Candoni labelled as a 'blessing' to the town.

The project area involves 4,000 hectares that is part of the Indigenous People's ancestral domain that has been lopsided due to legal schemes by institutions such as the Department of Environment and Natural Resources (DENR) and the National Commission of Indigenous Peoples (NCIP) colluding with big businesses. Through utilizing the Integrated Forest Management Agreement (IFMA) of the DENR, Hacienda Asia Plantation Inc (HAPI) - a joint venture by comprador-landlords Alfred Joseph Araneta and the Consunji family - has been legally allowed to plant oil palm for the next 25 years.

Aside from attacking the Indigenous Peoples ancestral domain, 13 farms spanning 63 hectares have been bulldozed by the corporation. Building construction has already started and the farmers are no longer allowed to tend to their farm lots due to this.

To make sure that the project goes on smoothly, Consunji goons patrol the area, sowing fear among the population who are already afraid to

visit their farms. Additionally, troops of the 47th IB of the Armed Forces of the Philippines (AFP) harass leaders and sabotage the non-government organization (NGO) and lawyers who are aiding them in their plight against the project. Even the recent military operations in Candoni and nearby towns in the 6th district that mount checkpoints and food blockades in the area serve as protection for the project. Government forces are proving to be mere pawns of the ruling class, as mercenaries who are commanded by the whims of Consunjis, Aranetas, and the like.

The US-Marcos II regime can no longer hide in the facade of pseudodemocracy and has laid bare its true colors: the puppet of imperialism. The oil palm plantation in Candoni and the several domestic and foreign projects in the entire island of Negros show the inutile character of the corrupt and fascist Marcos Jr. While he boasts of land reform, it is evident that the reactionary government continues to prioritize the interests of the elite, while killing those who threaten them.

It is high time that the people rise up against the attacks of the reactionary state. National Democratic Front (NDF)-Negros calls on environment defenders, human rights advocates, church people, and other democratic sectors to support and join the fight of farmers and Indigenous Peoples against the destructive and commercial oil palm plantation in Candoni. If anything, the ruling class is afraid of the possible unrest due to their successive attacks against the exploited people. It is just and necessary to collectively struggle against Marcos Jr's sycophancy to imperialism, along with his allies like Consunji. It is also just to fight both neoliberalism and fascism, through advancing the national democratic revolution. #

Mga mangunguma naghiliusa kontra sa plantasyon sang oil palm sa Sur sang Negros

*Ka Andrea Guerrero, Tagpamaba sang ASJC-NPA
Oktobre 6, 2024*

Ginpabatyag sang mga pumuluyo kag mangunguma ang ila kusog sang sila ululupod nga naghulag agud pamatukan ang 6,652.32 ektarya sang makahalalit nga proyekto nga oil palm.

Makatarunganon ang kaakig kag paghimakas nga ginaduso sang mga pumuluyo ilabi na sang mga apektado kag biktima. Ang ini nga agro-industriyal nga proyekto nagsakop sa duha tubtob tatlo ka banwa sang Sur sang Negros: Candoni, Hinobaan, kag Ilog. Kadam-an sa nasakupan sang plantasyon sang oil palm yara sa banwa sang Candoni. Indi kauswagan ang ginadul-ong sini sa mga pumuluyo, kundi bangungot kag delubyo. Dugang ini nga paantus sa mga mangunguma nga tubtub subong wala pa nakabangon bangud sa El Niño, tigkiriwi, sunud-sunod nga mga bagyo, tuman ka taas nga presyo sang balaklon, kag kabarat sang sweldo kag benepisyo sang mga mamumugon. Bangud sini, mangin lapnagon ang gutom kag kawad-on sang palangabuhian, puluy-an, duta kag pagkawasak sang kapalibutan.

Ginhimo nga hinganiban sang reaksyonaryo nga gobyerno ang mismo mga laye nga ila ginhimo bilang pagpakita sang ila pagluhod sa dumuluong nga interes sang mga multi kag trans-nasyunal nga mga korporasyon. Gamit ang Department of Environment and Natural Resources (DENR), Department of Agrarian Reform (DAR), kag National Commission on Indigenous Peoples (NCIP), napatuman ang handum ni Marcos Jr kag sang iya mga kroni nga Araneta-Consunji-

Marubeni Corp. (Hapon nga kompanya) nga pagahimuslan ang kusog pangabudlay sang mga pumuluyo kag agawon ang ila mga kadutaan.

Malawig na nga nakagapos ang mga Negrosanon sa tumandok nga pyudalismo sa sistemang asyenda sa idalum sang monocrop nga industriya sang kalamay. Gani, ang pagsulod sang oil palm nga plantasyon mas magpalala pa sa pyudal kag mala-pyudal nga pagpanghimulos sang mga pumuluyo. Mangibabaw man ang pasismo kag impyunidad sang mga berdugo kag pasista nga tropa sang Armed Forces of the Philippines (AFP)-Philippine National Police (PNP) sa kaumhan kapin pa nga sila nagasakdag sa interes sang dumuluong, burukrata kapitalista, dalagko komprador burgesya, kag agalon mayduta.

Hangkat sa mga apektado kag sa bilog nga pumuluyong Negrosanon nga pamatukan ang proyekto sang oil palm kag pangapinan ang ila kinamatarung sa duta, trabaho, kag puluy-an. Andam nga magbulig kag maghatag sang bug-os nga kusog kag ikasarang ang NPA agud pangapinan kag isulong ang interes sang mga pumuluyo. Matambok ini nga duta para sa pagduso kag paglapta sang kalayo sang paghimakas agud maangkon ang mga kadalag-an sa pungsodnon demokratiko nga rebolusyon. #

Statement on the recent RJPC-NPA harassment action in Calatrava

*Ka Cecil Estrella, RJPC-NPA Spokesperson
October 13, 2024*

Last week, a unit of Roselyn Jean Pelle Command-New People's Army (RJPC-NPA) harassed an operating column of #DiMasaligan79IB in Sitio Agtatahor 1, Barangay Macasilao, Calatrava, Negros Occidental. The said column of fascist soldiers were part of a large force conducting military and psywar campaign in the area and other adjacent contiguous villages.

Fully aware of the fact that these fascist soldiers have been using the civilian populace as human shield, the comrades employed selective rifle fire aimed only at enemy combatants and refrained from using grenades and other explosives.

Past 9 am of October 6, while the enemy were busy preparing for breakfast, the comrades opened fire from their well-camouflaged elevated position several meters away inflicting scores of casualties. Caught by total surprise, they scampered in different location and in a state of frenzy returned fire indiscriminately with automatic weapons and grenade launchers thereby endangering the civilians nearby. The comrades safely withdrew without any injuries.

#DiMasaligan79IB immediately sealed off the area after the harassment action to prevent the public of having a glimpse of their casualties.

Unmasking #DiMasaligan79IB Lies

When the news of RJPC-NPA harassment action broke out, #DiMalasaligan79IB paid hacks and tried to spin it as an "encounter". As usual, they churned out a template PR that depict an imaginary civilian tipster/s providing information on NPA whereabouts that resulted in subsequent armed engagement on their initiative.

But as it become too apparent that incident is an NPA action or initiative, the #DiMasaligan79IB paid hacks suddenly changed their tune. They now hyped their baseless propaganda line of NPA "disturbing" the peace and "terrorizing" the people.

Since May, #DiMasaligan79IB have been encamping in population centers of Macasilao subjecting its people and nearby areas to incessant political harassment, coercion, intimidation, extra-judicial killings and other vicious forms of fascist terrorism. Aside from these, fascist soldiers were also engaged various anti-social activities like excessive drinking and gambling that resulted in brawl and infighting among themselves up to late at night that disturbed the peaceful sleep of the residents.

RJPC-NPA is ever determined to frustrate every campaign of encirclement and suppression of the enemy with an offensive spirit and unbreakable will to overcome all difficulties no matter how immense under the guidance and correct leadership of the Communist Party of the Philippines. #

Notoryus nga kontra-rebolusyonaryo nga kriminal, ginsilotan!

*Ka Cecil Estrella, Tigpamaba sa RJCP-NPA
Oktubre 17, 2024*

Sa mga alas-6:50 sa buntag kagahapon, malampuson nga natigayon sa usa ka yunit sa Roselyn Jean Pelle Command - New People's Army (RJPC-NPA) ang pagsilot sa lunod-patay nga kontra-rebolusyonaryong kriminal ug aset sa paniktik sa militar nga si Danny Barsona, 54 anyos, sa Sityo Hoybesan, Bgry. Marcelo, Calatrava, Negros Occidental.

May taas nga rekord sa utang nga dugo ug krimen sa kalihukan ug masa si Barsona.

Sa dekada 80, nahimo siyang lider sa panatikong grupo nga "Bagolan" nga aktibong nakig-away sa mga kauban ug nanghalit sa masa. Siya ang nakapa-reyd sa mga kauban sa Sityo Kang-iro, Barangay Ani, Calatrava nga nakapatay sa usa ka kauban ug nakadakop sa lain pang duha ka kaubang babaye niadtong 1989.

Sa pag-isplit sa mga rebolusyonaryong traydor niadtong 1992, nahimo siyang IF (Insurrectionary Force) sa Revolutionary Proletarian Army (RPA) ug nalambigit sa nagkalain-laing kontra-rebolusyonaryong nga binuhatan ug krimen batok sa pumuluyo.

Pagkahuman, nahimo siyang bata-bata sa warlord nga si Baby Lumayno (giambus ug napatay sa Brgy. Minapasuk niadtong 2017). Nalambigit usab siya sa gun-for-hire nga aktibidad. Samtang gigamit usab siya isip aset sa paniktik sa AFP.

Niadtong 2019, gipa-reyd niya ang mga kauban sa Sityo Kamaw, Brgy. Marcelo nga mingresulta sa pagkapatay ni Ka Yenyan ug lain pang duha ka kauban. Nataral ug nakombikto sa hukmanan sa katawhan, dugay nga may standing order nga gipagawas ang demokratikong gobyerno sa katawhan sa Northern Negros batok kay Barsona.

Bisan pa man niini, gihatagan si Barsona sa kahigayonan nga magbag-o sa kaugalingon nga naglab-ot pa gani sa pila ka katuigan. Apan imbes magbag-o, mas misupog pa kini sa iyang mga kontra-rebolusyonaryong krimen.

Gitigayon sa RJPC-NPA ang maong aksyong pagsilot sa tunga sa nagpadayon nga focused military operation sa AFP. Kini nagpakita nga dili mapugngan ang taas nga kamot sa rebolusyonaryong hustisya ug dili makalikaw sa aktawmbilidad ang mga naghimo og krimen sa pumuluyo ug nakahalit sa mga kauban. #

Another AFP deadline, another quarter of their crimes" - NPA

The Mount Cansermon Command - New People's Army (MCC-NPA) dismissed 3rd ID commander Maj. Gen. Marion Sison's claim as "nothing but an excuse for another round of their human rights violations that have mostly targeted innocent civilians or hors de combat" as opposed to Sison's call to end insurgency in the island within the year.

In a statement released on October 17, Ka Dionesio Magbuelas, MCC-NPA spokesperson called out the AFP for the long list of crimes it has committed in South Central Negros, including the recent killing of farmer couple Jolina and Marvin Encancion in Brgy. Buenavista, Himamaylan City. Magbuelas said that state troops are "mercenaries" and "butchers" who also "profit from the corrupt and bloody counterrevolution mounted by the Marcos Jr. administration".

"Akin to the boy who cried wolf, Sison and the 3rd ID cannot be believed by Negrosanons anymore. They have failed and are bound to fail to dismantle the guerilla front because they are part of the reactionary system that exploits and oppressed the masses of farmers and workers, and are given more just reasons day by day to take up arms and revolt. Communities and the people in them will continue to cherish and support the armed revolution because they know that the NPA is the genuine army that promotes their welfare," Magbuelas added.

"For starters, there was never a high standard of discipline for the Armed Forces of the Philippines (AFP), as they lead in vices such as

gambling, drinking, and drugs in the communities they pester, unlike the NPA who continues to secretly maintain close ties with masses as the real soldiers of the poor," continued Magbuelas.

The rebel spokesperson also noted that Sison's call for his troops to target the so-called "urban operations of NPA allied organizations" is a command that will target legitimate people's cooperatives, non-government institutions, environmental and human rights defenders, and other groups that are standing up for their rights amid the intense duo of militarization and neoliberalism in Negros island. He also added that this will also "inevitably cause bloodshed in the election season, where it is an open secret that the AFP, Philippine National Police (PNP) and NTF-ELCAC also act as death squads of politicians."

"In short, this is business as usual for the likes of Sison and his AFP henchmen. Their brazenly corrupt and fake surrender campaign will continue to pressure and hogtie the masses in fear and impunity, while falsely declaring peace and continuing their killing spree at the same time. The laurels they rest on are stained with blood and tears of the poor. They are ashamed to declare their inability to defeat the just armed revolution that has stood firm for over 55 years," said Magbuelas.

He ended his statement saying that in reality, the AFP are being "pressured by the US to declare internal peace to swerve towards external defense, so they can continue receiving second-hand equipment and military aid and eventually become cannon fodder between the war of imperialists US and China." #

NEWS RELEASE
October 19, 2024

Alpeche on 303rd IBde's operations against "NPA-allied organizations": Reprehensible and desperate!

Reprehensible and desperate - this is how Ka Kanor Alpeche, deputy spokesperson of Leonardo Panaligan Command-New People's Army (LPC-NPA), described the 303rd IBde's effort in "countering urban operations of NPA-allied organizations." The 303rd IBDe exposes the innate warmongering character of the AFP in serving the joint class dictatorship of the landlords and big comprador bourgeoisies.

"There is no such thing as NPA-allied organizations, only organizations who hope for a society of genuine peace, development, and justice. It is hilarious that we keep hearing the reactionary government moving their deadline a hundred times already. They cannot accept the fact that the revolutionary movement won't cease to exist because the revolution is bound to win. That being said, their efforts have become more desperate each time. They randomly pick a civilian, forced him/her to admit that he/she is part of the NPA," Alpeche rebutted.

According to him, since the onset of their counter-insurgency program, majority of the casualties they presented to the public as Red Fighters are civilians, particularly farmers who were landless and deprived of their rights.

In Central Negros, Robert Estelloso is the latest victim of the AFP's old scheme. He was a mere habal-habal driver who fell into the brutal hands of the Armed Forces of the Philippines (AFP) and Philippine National Police (PNP).

The Negrosanons are keenly aware of the true nature and purpose of the 303rd IBde's efforts. For them, this means a widespread terror from the countryside to the cities. It means unabated attacks against people who decry injustice and inequality.

Thus, Ka Kanor Alpeche called on all the revolutionary forces and the progressive ones to stay vigilant as the 303rd IBde goes on rampage this last quarter. He strongly encouraged the Negrosanon to arouse, organize, and mobilize themselves to frustrate the efforts of the ruling class along with its killing machineries.

"We will also do our part under the leadership of the advanced detachment of the revolution, the CPP. We assure the Negrosanon that every bullet of our guns has a political purpose — that is to liberate the Negrosanons as well as the Filipino people," Alpeche ended. #

Intel ginsilotan sang NPA, 3 ka armas nakumpiska

*Ka Dionesio Magbuelas, Tagpamaba sang MCC-NPA
Oktubre 27, 2024*

Madinalag-on nga gin-implementar sang isa ka tim sang mga Pulang hangaway sang Mt. Casermon Command-New People's Army (MCC-NPA) ang silot kamatayon batok kay Diosdado "Dadoy" Apatan, kapin 60 anyos kag nagapuyo sa Sityo Gihubon, Barangay Amontay, Binalbagan, Negros Occidental kagapon, Oktubre 26, alas 6:00 sang aga.

Napamatud-an si Apatan nga aktibo nga aset sang paniktik sang Philippine Army humalin pa sadtong dekada 80 kag tubtob subong, aktibo man gihapon siya nga nagapaniktik kag nagagiya sa mga operasyon sang militar sa amo nga erya. Bantog man siya nga nagapanudlo sa mga residente nga kuno mga supporter sang NPA. Upod sa mga soldado, nagapanghalit man si Apatan sa mga pumuluyo paagi sa pagpamahug kag pagpangkastigo sa ila.

Bangud sini, si Apatan makabig nga lehitimo nga target militar sa rebolusyonaryo nga kahublagan kag ginhukman sang silot kamatayon.

Narekober kay Apatan ang isa ka .45 nga nubo nga armas, isa ka carbine kag isa ka shotgun kag mga bala sang sini nga mga armas. Ini nagapamatuod lamang nga isa ka armado kag peligroso nga elemento.

Napamatud-an man si Apatan sang rebolusyonaryo nga hukmanan sang pumuluyo sa kaso nga pagpatay kay Felipe Camingawan kag Amado Garson nga mga lunsay pumuluyo sa nasambit man nga lugar sang nagligad nga mga tinuig.

Isa ka daku nga halit kag sablag ang mga kontra-rebolusyonaryo kag malain nga elemento pareho kay Apatan para sa mga pumuluyo nga padayon nga nagahimakas para sa ila tawhanon nga kinamatarung kag hustisya sosyal sa tunga sang nagalala nga krisis sa ekonomiya kag pulitika sang pungsod.

Sa pagpamuno sang Communist Party of the Philippines (CPP) kag sa bulig sang ginapalangga nga matuod nga soldado sang pumuluyo, ang NPA, mas labi nga determinado ang pumuluyong pigos kag ginahimuslan nga lutoson ang sin-o ukon ano man nga mangin sablag sa dalan sang ila kahilwayan. Amo nga ang pagsilot kay Apatan isa ka daku nga kadalag-an para sa tanan nga rebolusyonaryo nga pwera.

Gani, ginahangkat sang MCC-NPA ang tanan nga mga intel asset lakip ang mga surrenderees ilabina yadtong mga napilitan nga magsurender, nga magmuklat na sa kamatuoran nga ginagamit lamang kamo para sa interes sang mga dalagku nga agalon kag komprador burgesya nga nagapangkurakot kag nagapangawat sa dunang manggad kag kaban pangpubliko sang aton pungsod. Indi na kamo magpagamit pa sa mga reaksyonaryo kag bayaran nga AFP, PNP kag iban nga paramilitari nga grupo. Bukas kabubut-on ang rebolusyonaryo nga kahublagan sa inyo pagtampad kag pagbag-o.

Mabuhay ang CPP-NPA-NDF!!!

Mabuhay ang pumuluyong pigos kag ginahimuslan nga Pilipino!!! #
